WORKING WITH GROUPS
Josephine Klein
Director, Community and Youth Work Course, Goldsmiths' College, University of London

The social psychology of discussion and decision: an analysis of group behaviour and decision-making, with two verbatim reports of group meetings, intended both for university students and for administrators and social workers.

SOCIAL WORKER
A very well planned, clearly written book which will be of enormous help to professional people who have occasion to work in small groups.

THE TIMES EDUCATIONAL SUPPLEMENT
An illuminating study of the many and varied stresses that inevitably appear in any form of group activity... At every level the author has pin-pointed our shortcomings with an incisive and penetrating accuracy. It is a book that could with profit be studied by those concerned with the education of the young.

CASE CONFERENCE
For the professional worker the book's value will probably lie in its careful analysis and classification of task-related behaviour in groups. This is very well done, lucid and persuasive.

PUBLIC ADMINISTRATION
Where two or three are gathered together, Josephine Klein is a must. Those who read this will never again see a group of people talking together in quite the same way as previously.
